

EGGSPANDER SYSTEM

Unleash your culinary creativity with the 5-Piece EGGspander Kit for the Big Green Egg Large. This smart system facilitates an extensive variety of cooking setups that will allow you to get the best out of yourself and your EGG.

5-Piece EGGspander Kit

This well-thought-out set consists of a 2-Piece Multi Level Rack, a convEGGtor Basket and two Stainless Steel Half Grids - making the EGGspander Kit the perfect basic package for EGG enthusiasts.

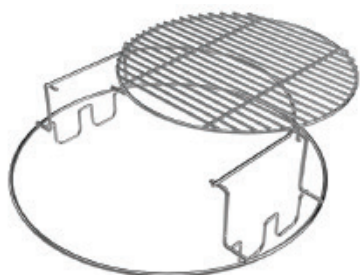

If all those different setups still aren't challenging enough for you, we have many more additional accessories in our range. Allow your favourite cooking techniques to determine what add-ons are a must-have for you.

€28,50 (RRP excl. VAT)

Perforated Half Grid

- Non-Stick Aluminum
- Heat resistant up to 232C

Perforated Half Grid

Item code: 120717

€31,00 (RRP excl. VAT)

Half Baking Stone

Designed to be a 'no-burn zone stone' when two are paired, providing maximized cooking space. With a convEGGtor, the smaller diameter means food around the edges can burn. So this is ideal for lower temperature high volume cooking, like with chicken wings. Also, when one half is used for two-zone cooking, it gives you a full half area where you can cook food without worrying about burning. The Half Baking Stone is made of Big Green Egg ceramics.

Please note: when using the 5-Piece EGGspander Kit, only 1 Half Baking Stone will fit the middle layer due to it's size.

Half Baking Stone

Item code: 121035

Price: Will follow

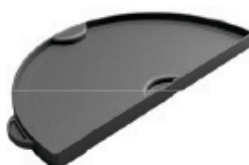

Cast Iron Half Grid

- Heavy-Duty Cast Iron
- Dual sided. Use the other side for extra wide grill marks

Cast Iron Half Grid

Item code: 120786
